Penguins Comprehension Questions

Answer the following questions from the book Penguins, Birds in Tuxedo Suits. Your answer should be a full sentence, not just a couple of words.

1. Where do penguins live?

2. How do penguins eat?

3. How do penguins get out of the water and back on land?

4. Why do penguins have pouches?

5. How do penguins keep their eggs warm?

6. What is webbing?

Penguins Find the Blends

A blend is two consonants that are next to each other in a word and blend to form a new sound. Circle the blends in the following paragraph.

A penguin's feet stick out behind them and act as oars. They help move them through the water. Their tail acts like a rudder. When they turn their tail it steers their body in a different direction.

LearningIsland.org

Penguin Maze

Help the penguin find the water.
